

# Ms. Casandra's News

2nd & 3rd grades

Week of May 2nd-May 6th

Writing - Launching our fairy tale adaptation unit. In this unit, students will create their own fairytales by adapting classic ones.

Reading - Launching our research unit! As an extension to our persuasive unit, students will work in groups of three to pick an issue in the world that they think needs to be changed and create a website educating people about their cause.

## Read Every Night!

Group One - isle, aisle, dessert, desert, guess, guest  
Group Two - encourage, encounter, envelope, enroll, entitled

### Science & S.S.

Science -Energy exists in various forms: heat, electric, sound, chemical, mechanical, light.

Everyday events involve one form of energy being changed to another.

Social Studies - We will spend the next two months studying China and the country's history.

Math - For my second grade math group- We will spend the week learning estimation and how to round numbers to the nearest ten and hundred. Students will also learn how that skill can help them solve real world word problems.

Fantastic! A+
